## FoundAnimals by 24Pet

is now a part of the family

With the adoption of the Found Animals microchip registry, Pethealth Inc. is now North America's largest provider of microchips and lost pet recovery services.

**We're building a universal microchip registry to better serve shelters and rescues in reuniting pets with their families.**

Creating matches, for life

We're combining the leading online platforms for shelter adoptions and lost pet registrations: PetHarbor and Petango (coming soon). Seamlessly publish adoptable animals to your organization's website through your PetPoint or Chameleon software.

Supporting those who save pets

We empower over 2,000 animal welfare organizations to deliver their best care through leading management software, microchip technology, and industry insights.

### Software

Data management systems for your animal welfare organization:

#### PetPoint

What better shelters are built on

#### Chameleon

Quick, easy, and efficient licensing

#### EVE

Microchip registration – without the wait

### Animal welfare resources

We provide access to timely data, trends, and insights the animal welfare community is experiencing, so they can make informed decisions.

#### 24Pet ShelterWatch Report

An interactive dashboard that provides access to aggregated data from PetPoint software.

#### ZeidTalks

Pethealth's Steve Zeidman, SVP of Software Solutions shares his thoughts and insights on technology and animal welfare management.

#### Diane & Bob Hoover Annual Innovation Award

An award to champion organizations who strive to better the animal welfare industry and reward them for their innovation.
